Additional to the subjects in the itineraries	6

Knowledge acquired

ECTS

- Analysis and interpretation of historiographical texts and primary sources in one's own language and in other languages.
- Linguistic analysis of classical languages.
- Synchronic, diachronic, and dialectal analysis of classical languages.
- Ability to communicate orally and write in one's own language using the standard terminology and techniques in the historiographical profession.
- Ability to define topics and develop research projects that can contribute to the knowledge and debate of historiographical and archaeological problems.
- Ability to identify, catalogue, transcribe, summarize, analyze, and interpret information systematically.
- Characterization and development of literary genres in classical literature.
- Didactics of history and classical languages.
- General diachronic structure of the past and detailed knowledge of it.
- Grammar and lexical structures of Greek and Latin languages.
- Ability to use the tools and techniques of information gathering used in historiography, classical philology, archaeology, and other human and social sciences.
- Ability to present the results of research and to comment on, annotate or edit sources of all kinds correctly, in accordance with the critical standards of the discipline.
- National and local History.
- World history and European history from comparative perspectives and as a whole.
- Reading, comprehension, and translation of Greek and Latin texts.
- Comparative linguistics applied to classical languages.
- Methods and problems from different approaches and specializations in historical research: chronological periods, geographical areas, different and changing thematic approaches.
- Methods and techniques of other human sciences and ability to use them.
- Periodization and history of Greek and Latin literature.
- The heritage and contemporary relevance of classical culture.
- Prosody and metrics of classical languages.
- Religions of the classical world.
- Transmission and edition of classical texts.
